

Sat. Feb. 11, 1967

Dear Don,

Thank you for the vacation. You are a doll. I should soon be back in the world of reality enough to answer more questions. Your questions always surprise me because they are about a young man full of human frailty. I am seeing a sort of god, straight out of a fairy tale. You don't fall in love with gods out of fairy tales. You only follow them.
