Dear Dan,

I looking over some old albums
last evening - at Sid's - I found
these two pictures that might tell
you more about Marge Bump.
The one with the mirror was taken
the last summer at the Bay.
I put up my hair for the picture -
so I would look older. The one
in the coat must have been that
winter - you I remember wearing
that coat and scarf with Ernest.
How terribly young I look.
You better keep all pictures
together and return them when I
get home in April - or if
you wish - you can send them
to California - address 2030 Via Tuomey
Mantua 93940.
All goes well with me.
At the moment I seem to have

No major worries. Sid prospers
in his job with Cabot Co. He
is ~~to~~ a technical adviser -
and supervises sales in a large
area.

Sid III is a good looking
17 year old - tall, rather shy but
restless. Lucinda 9 - looks
like Cynthia Beatt - big brown
eyes - and tiny as she was at
premature birth.

I will see Pudge (called Charles
by Ernest) in Birmingham, Mich -
Sunday. The visit with the
Walter Mains in Cape May point
was one of those soul satisfying
experiences - made more so by a
feeling it might be a last time.
Best of wishes and love to you
and Ruth.

Marge.

Bx 5434 address
will always be forwarded.
