My dear Dr. & Ruth -

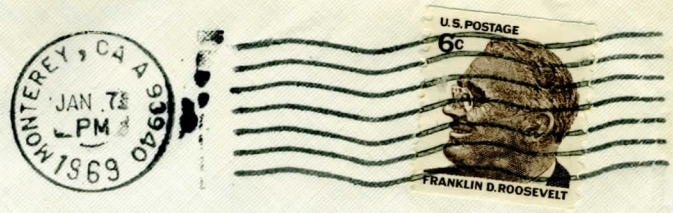

Here is a letter you will both enjoy. It just came in the mail.

I also want to say thank you greatly for the stamps. At first I decided to keep them for myself - but Roger emoted a bugging when he saw them and read what you wrote about them, so I gave them up. Sorry I missed the thank you when I wrote before - but sometimes I don't always without thought.

I have been out to touch with Bill for a couple of years and wondered why my cards were returned. Carol gave me the new address.

Love

Marge.
