Dear Don -

Mr. Sid does not think you a one of the
scribes. I told him I trust you and that
was enough for him. Originals will never
mean anything to him - as if they do to you, Q.N.

you - I put the pictures in the book -
correction - you said - "seeing a much of
him later. I didn't see him from Sept. 1920
until Dec. 1939. - none after that.

Not too many letters - but enough to know
all was Q.N. in the mutual admiration.

As would hear about each other, also, from Mrs.
The name was Barge. I must - (one name)

Pudge would not have meant to knife me,
but she was interested in whom ever I went
with to dances - and so would have found
it interesting to write about. I was at fault,
too, in thinking that it would make
him like me more could I make him
jealous. It back-fired.

I remember Y.N. - but only a
dim memory.

Yes it was Pire Lake - changed
later to Lake Charlevoix.

Pudge would probably enjoy a thank
you note. Her daughter Carol Bowen will
take good care of the autograph book.

It was because of her care of old things that
it still exists. It is hard for Pudge
to write - as she may not answer. It is
painful for her to use her right hand and
arm. But she is quite wonderful with it
all, and her face is smiling and undisturbed.

I am glad to help you. I am glad
not to have to do any of this myself. I
am glad it would be done by Robert and
like Bob - but he isn't there. I am still
in awe of many things. I wish I could put
my mental pictures into your head.
Don't bog down with gratitude. Try to
to give you the picture has been and
is a ~~camp~~ ~~vision~~ thing - as good
for me as for you.

Love
Marge

Remember me to your mother and father.
I am very much interested in you and hope
you will be very happy and successful in all
your undertakings. I am sure you will be.
