

Dear Dad & Ruth,

It is great to be here where
there is activity and everyday
living is fun. George goes in
for all of the traditional things
so all holidays are red letter.
Since the boys have to work
for what they want they
have no reason to fight the
establishment. They are
ambitious so don't want to blow
it with drugs. at least
that is the picture now. No
one knows what next. Bruce
graduates in June - wants to
be a Dr - and has a 3.7
average in hopes for a

scholarships. He may go
to Portland state where he
would live with his father.
I feel that would be good.
His father probably needs him
and I believe this would was
set up for every one to need
a back ground of two.

Anyway - all is well - at
least for the moment.

I wish you all the good

things.

Love

Marge.
