

Dear Don and Ruth -

Sunday Oct 9
1972

I had it in my mind to write
you of my latest address. I came
home to Florida August 6th - also
on a jumbo jet - also just three
mechanical sharks. Rather spooky,
but comforting. About 3 hours
from L.A. to Atlanta. It was
too fast and too high and too big.
Yes - you did write me about
your Paris plans and I have wondered
how it developed. Glad you have
these interesting experiences.
at the moment I am happy to
be in a spot - hopefully permanent -
this life does have a way of uprooting
me from my permanent spots.

My address is 116 Seabreeze Blvd.
apt 607 South
Daytona Beach, Fla 32018.
It is still Diplomatic Center - but the
south building. I am on 6th floor -

with a nice view of the river -
looking north. I can also see the
ocean if I look far enough to the
right.

I have had to go thru another
round of getting curtains - draperies,
pots and pans - and some
furniture. I gave away
as much last year when I went
to Monte Park - It was a
rather expensive mistake - but
I am glad I made the quick
decision. Friends there tell me
I was wise. They are having to
convert to Capelin style service -
and cut down on many services -
because of shortage of help and
high wages. I learned many
things about my self while I
was there - including the fact
that freedom is more important
than plush comforts.

Wonder why you continue to be so =
haunted by E.H.'s life. It must
be something psychic. I have just
read in the October Ladies Home Journal
about Taylor Caldwell's psychic experiences.

I love to read her books. I can
understand many of her experiences
you I have had some that are
similar. If I were a stronger
person emotionally I could probably
pursue it - but I am not.

As you remember - when I was
recalling my memories I think I
got pretty shattered - and that
was definitely one of those times
of feeling taken over by something
glad that is gone. I am
glad you haven't written about
me.

My life is busy - am now working
with Red Cross on their new project. Find -
2 days a week -
Love
Marjorie -
