

Sunday. Feb-4 '79

My dear Don,
You will be wondering what happened to
me, for I sent no Christmas cards -
Disaster has overtaken me both
healthwise and financial. I
am too far down in depression
to write about it. But I have
come to live with Georgie and
~~my~~ my zest for living has left
me. It truly feels as tho I am
empty of my spirit. The
health thing is still a result of
the anti allergy serum - and is
gradually improving. One of
these days I will wake up and
find my spirit has returned.
I hope I hope - and the
mould won't look so black -
Don't worry about me - or
perhaps you better.

Love to your folks -
