My dear Don,

Thank you for writing and thank
you for caring. I have tried to
write - but I can't. It
frightens me. No - I am
not all right. I feel like a
zombie from whom the spirit has
fled. I live there each day
as best I can - but feel myself slipping.
I won't go into too much

description -

I love the buoyancy of spirit
in your letters -

Love always to you and Ruth
