Dear Don - and Ruth too -

Georgie and Cynthia left last night and I am still what Georgie calls - "Spacy". We couldn't have had a better eight days including some adventures. One was a trip to Casadega - a spiritualist settlement near Lake Helen. I went there fifty seven years ago with Sidney and some friends and my grand mother. I told G + C about the remarkable experience I had then, so of course they wanted to go. ^{Casadega} It hasn't changed and is truly old Florida. We picked a spiritualist by chance and she proved as good as the one all those years ago. I didn't go in for many reasons - but they both had good reasons - especially Georgie - No - no Ernest H. but plenty of others to prove we are watched over and protected. She told G - they must protect me from falling. Two days later I would have had a bad fall if Cynthia hadn't been near to grab me.

- Ho hum!

There were too many things during
the week to try to write about. Georgi
says she loves you because of a letter
you wrote years ago about a chicken,
you would love Cynthia. She has
the darkest eyes I have ever seen and
looks a lot like Bobbie. I haven't
been able to see her for since she was
twelve because of a "messed stepmother".

But now she is out of the picture and
we are all together again. Very
complicated situation.

Now I must get myself
organized again for the quiet life.
I couldn't take the fast tempo for
too long - but it was wonderful
while it lasted.

Love

Marge.
